

Mihone Kerolli Mustafa Profile

Personal Information

Name:	Mihone Kerolli Mustafa
Current Position:	Rector
Institution:	International Public Business College Mitrovica
Highest Qualification:	Doctor of Science in Chemical Engineering and Technology

CURRICULUM VITAE

First names: Mihone
Family name: Kerolli Mustafa
Nationality: Croatian and Kosovo
Place of residence: Prishtina, Kosovo

Education:

INSTITUTION [DATE FROM – DATE TO]	DEGREE(S) OR DIPLOMA(S) OBTAINED
April 2014- October 2016	Post Doctoral studies University of Zagreb, Croatia Faculty of Mechanical Engineering and Naval Architecture- Department of Materials Faculty of Natural Science- Department of Chemistry
September 2010- January 2014	PhD in Chemical Engineering-Solid waste characterization and treatment University of Zagreb, Croatia Faculty of Chemical Engineering and Technology
October 2007- February 2010	MA in Environmental Engineering University of Prishtina, Kosovo, Faculty of Mining and Technology
October 1993- February 1999	Diploma -Chemistry University of Prishtina, Faculty of Mathematics and Natural Sciences- Department of Chemistry

Language skills: Indicate competence on a scale of A1 to C2

Other skills (e.g. computer literacy);

Good command of Microsoft Office™ tools, power point, excel access and data analysis software

SPSS and ATLAS, MS project etc.

Key qualifications (relevant to the assignment):

Expérience in the Field of Natural sciences, environnement/climate change, education and citizen engagement, business innovation and knowledge exchange with several institutions in Europe. This has involved work on scientific work and projects, some of which have been funded by the EU and other EU universities. Contributed as an environmental expert in the field of waste management, climate change, cycling economy and strategy reforms in Kosovo and Croatia. Several years' of experience in teaching and other academic activities in Kosovo and Croatia. Served as a professor in International Business College Mitrovica, University of Business and Technology, Rochester Institute of Technology/ AUK in Kosovo and University of Zagreb Doctoral School. Posses teaching and research experience in a variety of environmental and business innovation fields in various

universities in Europe; Participant in numerous national and international scientific conferences; Chair of the international scientific conference; Registered and presented in numerous international exhibitions of innovations and inventions; Winner of several awards and recognitions; a reviewer in leading international journals; Mentor and member of commissions for application and defence of doctoral dissertations, master in science research, master projects (Croatia and Kosovo). With the support of the EU, she founded 6 theory to practice innovation labs in the region as well as the European Association of the Theory to Practice Centers for Innovation. Specialised in project management, waste management, green technology implementation processes with the analysis of cost impact on the total life cycle of a product or service, SEA and EIA.
